For purposes of computing interest for late Contractor payments, the Government's invoice is deemed to be a demand for payment in accordance with the Interest clause of this contract. The Contractor's failure to pay may also result in the DoD supply source refusing to honor the requisition (see DFARS 251.102(f)) or in the

Contracting Officer terminating the Contractor's authorization to use DoD supply sources. In the event the Contracting Officer decides to terminate the authorization due to the Contractor's failure to pay in a timely manner, the Contracting Officer shall provide the Contractor with prompt written notice of the intent to terminate the authorization and the basis for such action. The Contractor shall have 10 days after receipt of the Government's notice in which to provide additional information as to why the authorization should not be terminated. The termination shall not provide the Contractor with an excusable delay for failure to perform or complete the contract in accordance with the terms of the contract, and the Contractor shall be solely responsible for any increased costs.

HQ L-2-0005 - NOTIFICATION OF POTENTIAL ORGANIZATIONAL CONFLICT(S) OF INTEREST (NAVSEA) (JUN 1994)

(a) Offerors are reminded that certain existing contractual arrangements may preclude, restrict or limit participation, in whole or in part, as either a subcontractor or as a prime contractor under this competitive procurement. Of primary concern are those contractual arrangements in which the Offeror provides support to NSWC-INDIAN HEAD, 101 STRAUSS AVENUE, INDIAN HEAD, MD 20640, or related laboratories (if applicable), in support of operation of the office or any of its programs. General guidance may be found in FAR 9.505; however, this guidance is not all inclusive. The Offeror's attention is directed to the "Organizational Conflict of Interest" (or similar) requirement which may be contained in current or completed contract(s) which prohibits the prime or subcontractor from providing certain supplies or services to the Government as described above during the period of the current "support" contract(s) or for a period after completion of the "support" contract(s). Notwithstanding the existence or non-existence of an Organizational Conflict of Interest (OCI) clause or similar requirement in current or completed contract(s), the offeror shall comply with FAR 9.5 and identify whether an OCI exists and not rely solely on the presence of an OCI requirement.

(b) If a potential conflict of interest exists at any tier, each potential prime offeror is requested to notify the Contracting Officer within 14 days of the date of this solicitation. The Offeror shall provide: (1) the contract number and name and phone number of the Contracting Officer for the contract which gives rise to a potential organizational conflict of interest; (2) a copy of the requirement; (3) the statement of work (or technical instruction) from the existing contract; (4) a brief description of the type of work to be performed by each subcontractor under the competitive procurement; and (5) any additional information the Contracting Officer should consider in making a determination of whether a conflict of interest exists. The Government may independently verify the information received from the offeror. Notwithstanding the above, the Government reserves the right to determine whether a conflict of interest exists based on any information received from any source.

(c) The Government will notify an offeror of any conflict of interest within 14 days of receipt of all required information. Those offerors deemed to have a conflict of interest may be ineligible for award. Failure to provide the information in a timely manner does not waive the Government's rights to make a conflict of interest determination. The offeror is notified that if it expends time and money on proposal preparation, such expenditure is at its own risk that the Government will not determine that an organizational conflict of interest exists.

(d) Any potential prime contractor which proposes a subcontractor later determined to have a conflict of interest and deemed ineligible to participate in the current competition, may not be granted the opportunity to revise its proposal to remove the ineligible subcontractor. The Government reserves the right to determine which offerors remain in the competitive range through the normal source selection process.

(e) If the offeror determines that a potential organizational conflict of interest does not exist at any tier, the offeror shall include a statement to that effect in its response to this solicitation.

52.217-5 Evaluation Of Options JUL 1990

CLAUSES INCORPORATED BY FULL TEXT

HQ M-2-0006 - EVALUATION OF PREVIOUSLY APPROVED SINGLE PROCESS INITIATIVE (NAVSEA) (NOV 1996)

Previously approved Single Process Initiative (SPI) processes will be evaluated under the source selection criteria of the RFP. If the successful offeror has previously approved SPI processes in the proposal, those SPI processes will be incorporated into the contract upon award.

HQ M-2-0012 WAIVER OF FIRST ARTICLE REQUIREMENTS (GOVERNMENT TESTING) (NAVSEA) (JUL 2000)

(a) If supplies identical or substantially identical to those called for in the Schedule have been previously furnished by the Offeror and have been accepted by the Government, the first article requirements may be waived by the Government. The Offeror shall identify below the contract(s) under which supplies identical or substantially identical to those called for have been previously accepted by the Government:

Contract(s) _____

(b) All offerors should submit an offer on the basis that first article requirements will not be waived (hereinafter referred to as OFFER A). Offerors who believe, on the basis of paragraph (a) above, that they may qualify for waiver of first article may also submit an offer on the basis that the first article requirements will be waived (hereinafter referred to as OFFER B). This solicitation contains separate delivery schedules for OFFER A and OFFER B.

(c) Subject to considerations of responsiveness of offers and responsibility of Offerors and subject to other evaluation factors provided for in this solicitation, the price used in determining best value to the Government will be either the price submitted for OFFER A or the price submitted by for OFFER B if the Government determines an offeror is eligible for first article waiver. The decision whether to grant a waiver is entirely at the discretion of the Government.

(d) Offers will be evaluated so as to take into account the cost to the Government of testing the first article. The cost to the Government of such testing will be added to the price of all offers which include first article requirements. For the purpose of making this evaluation, it is estimated that \$ 10,000.00 will be the cost to the Government for first article testing.

(e) Any award resulting from this solicitation will state whether the first article requirements are or are not waived. In the event of waiver, all clauses and references to the first article will not be applicable.

IHD 211 - BEST VALUE EVALUATION AND BASIS FOR AWARD (FFP) (MAR 2000) (NAVSEA/IHD)

- I. **GENERAL:** The government shall award a contract resulting from this solicitation to the responsible offeror whose submission, complying with the instructions and conforming to the solicitation, represents the best overall value on the basis of an integrated assessment of the evaluation factors for award. Once all evaluations are complete and tabulated in accordance with the Source Selection Plan, the government will make a series of comparisons among the offerors by comparing the tabulated scores to the evaluated price and from these comparisons the government will determine the offeror who offers the best value to the government. This is a subjective evaluation process.

- II. **RELATIVE IMPORTANCE OF THE EVALUATION FACTORS:** Since an Offeror must comply with the instructions contained in the Instructions to Offerors it behooves an offeror to read carefully the instructions as the Contracting Officer may eliminate an Offeror from further consideration for failure to comply with the instructions. In deciding which of the offerors, complying with the instructions, is the best overall value the government will consider the following factors, listed in order of importance unless otherwise noted:
 - 1. **Management and Quality Assurance**
 - 2. **Technical Comprehension**
 - 3. **Facilities and Equipment**
Note: Factors 2 and 3 are equal in value
 - 4. **Past Performance** (Note: Past Performance is equal in value to 1,2 & 3 combined)

METHODOLOGY

The offerors’ submission in response to Factors 1, 2, and 3 shall be reviewed by the technical review team. Each factor shall be reviewed based on the merits of the information contained in the offerors’ submission. Do not assume nor allow any prior knowledge of the offeror to effect the evaluation and the score. Each factor shall be reviewed and assigned a score as follows:

Factor 1 – Management and Quality Assurance	Assigned a range of 0 to 40 points
Factor 2 – Technical Comprehension	Assigned a range of 0 to 30 points
Factor 3 – Facilities and Equipment	Assigned a range of 0 to 30 points
Factor 4 – Past Performance	Assigned a descriptor rating and score as detailed herein
Factor 5 – Price	Not scored

Once all evaluations are complete the corresponding scores shall be tabulated and placed in a chart as follows in this example:

<u>Offeror</u>	<u>1, 2 & 3 *</u>	<u>Past Performance Rating</u>	<u>Price</u>
A	88	Excellent	\$766,000
B	93	Excellent	\$810,000
C	0 **	Good	\$790,000
D	82	Excellent	\$670,000
E	93	Poor	\$680,500

* – Not to exceed 100

** – Offeror did not comply with RFP instructions – was not evaluated

Once this information is tabulated, offerors will be compared making value and price tradeoffs and award will be made to the offeror that represents the Best Value to the Government. If the offeror with the highest scores also represents the lowest price then that offeror is clearly the Best Value. If an offeror with higher scores has a higher price, then a determination must be made whether the difference in value is worth the higher price.

In the example the government may award to Offeror A or Offeror B (if it could be determined whether the difference in greater value is worth the difference in price when compared to Offeror A). Offeror C would not be considered for award due to a 0 technical score. Offeror E, even though reflective of a high technical score would be eliminated based on the POOR Past Performance rating.
